

PROGNYN RECOGNIZED AS ONE OF THE BEST PLACES TO WORK IN HEALTHCARE IN 2019

May 17, 2019

The fertility benefits management company placed for the second year in a row

NEW YORK, May 17, 2019 – Progyny, the leading fertility benefits management company, has been selected by *Modern Healthcare* as one of the 2019 Best Places to Work in Healthcare. The complete list of this year's winners, in alphabetical order, is [available here](#). *Modern Healthcare* will publish a special supplement featuring ranked lists of all the winners along with the September 30 issue.

This award program identifies and recognizes outstanding employers in the healthcare industry nationwide. *Modern Healthcare* partners with the Best Companies Group on the assessment process, which includes an extensive employee survey.

"Despite the political headwinds that the industry faces, healthcare organizations continue to be dominant economic engines in their communities," commented Aurora Aguilar, editor of *Modern Healthcare*. "Organizations recognized on this year's list have also weathered mergers and reorganizations and have come out stronger. As evidenced every month by the Bureau of Labor Statistics employment numbers, the industry shows little sign of slowing down when it comes to creating jobs. And that puts pressure on employers to create not only robust compensation and benefit packages, but to create a sense of loyalty in competitive labor market. We congratulate the Best Places to Work in Healthcare for going above and beyond to create fulfilling environments for the nation's professional caregivers."

"We are thrilled to be recognized by *Modern Healthcare* as one of the best places to work for the second year in a row," said Cassandra Pratt, VP of People at Progyny. "We are committed to a collaborative and transparent work environment where employees feel supported, valued, and empowered."

Progyny aims to cultivate an environment that promotes leadership, innovation, and the ability to make an impact on the company's mission to make any member's dream of parenthood come true through a healthy, timely, and supported fertility and family building journey. Progyny's employee perks include a mentorship program, monthly training seminars, leadership and personal development programs, family-friendly benefits including fertility coverage and extensive parental leave, fully stocked kitchens with healthy food, competitive bonus program, and more.
